SUMMARY

UX/UI designer with 2+ years of experience delivering user-centered solutions across EdTech, Banking, E-commerce, and corporate web platforms. Proven track record of managing full-cycle design processes: from initial research to high-fidelity UI and developer handoff. Committed to creating accessible, inclusive digital experiences by integrating WCAG standards into daily workflows. Actively leveraging AI-powered design tools (Claude, Midjourney, ReCraft, Gemini) to streamline workflows, accelerate prototyping, and enhance design quality.

WORK EXPERIENCE

UX/UI Designer

Dec 2023 - Nov 2025 | Full time

Craft Innovations

- Contributed to 8 projects within a design team over two years, including web platforms and e-commerce solutions.
- Conducted a comprehensive UX audit to identify and resolve usability issues, significantly enhancing the overall experience of an online banking platform.
- Key contributor to a full-scale e-commerce store redesign and the development of a large-scale UI kit from scratch, partnering with the team on all stages from user flows to developer handoffs.
- Developed an internal design accessibility guide based on WCAG standards, streamlining the team's workflow and ensuring compliance across the website redesign project.

Junior UX/UI Designer

Jul 2023 - Dec 2023 | Part time

Baza Trainee Ukraine

- Helped design a children's e-reading web platform, focusing on creating engaging experiences for young audiences.
- Designed user flows for quiz interactions using the established design system.
- Collaborated closely with a cross-functional team of designers and developers, gaining hands-on experience with the product development process.
